a. Subject = study subject ID. The study-specific 4-digit site number followed by unique 4-digit subject identifier, assigned to the subject upon enrollment into the study.

b. USUBJID = unique subject identifier. Unique project-level identifier assigned to the subject, comprising the protocol number, site number, and subject identifier from the first study the subject enrolled in for the project. In all other subject data listings in this clinical study report, the term “Subject” (instead of “USUBJID”) appears in the column header for the 20-digit unique subject identifier.
